

TWO SCHOOLS TO HOLD EXERCISES

INTERMEDIATE AND CERRITOS
WINTER CLASSES TO GET
DIPLOMAS ON FRIDAY

PROGRAM COMPLETE

NAMES OF GRADUATES GIVEN
OUT; NUMBER OF FEATURES
TO BE PRESENTED

The program for the commencement exercises to be held for the winter class of the Intermediate school and the Cerritos avenue school has been completed.

The exercises will be held in the Intermediate school building next Friday night, there being fifty-five members in the Intermediate class and eleven in the Cerritos avenue school to receive diplomas.

A pleasing program has been arranged for the exercises, including several numbers by the Intermediate school orchestra.

One of the features of the program will be addresses to be made by several of the graduating students. It is announced that the talks have been prepared with great care and that they will prove both interesting and instructive. The topics range

DR. HALL TALKS

FEDERATION HEARS ADDRESS
LAST NIGHT; RE-ELECTION
ARTHUR G. LINDLEY

The annual meeting of the Federated Brotherhood, composed of the men of all the evangelical churches of Glendale, held in the First Methodist Episcopal church last night was well attended. A fine supper was served by the ladies of the church and after this was disposed the business of the Brotherhood was taken care of.

Arthur Lindley, president, made a brief introductory address in which he stated the objects of the organization and outlined the plans for the coming year. He urged that full support be given the Moral Welfare committee in its campaign to stop the sale of tobacco and cigarettes to boys under 18 and to do away with the showing of objectionable moving pictures.

S. D. Nutrio then gave some very pleasing numbers on his golden harp, starting off with the familiar song, "Brighten the Corner Where You Are."

Mr. Lindley next called upon W. D. McRae to introduce the speaker of the evening, Dr. Winfield Scott Hall. He told of his and his wife's studies in college under Dr. Hall and stated that the eminent speaker was present on this occasion by special arrangement of the Y. M. C. A. which is putting on a campaign all over the state to save the boys.

Dr. Hall Is Speaker

Dr. Hall began his address by telling of his work in the army camps on this side. He said that 5 per cent of the drafted and enlisted men were unfit for service because of social diseases contracted, in most cases, through ignorance. With this 5 per cent rejected and special care taken of the morals of the remainder while in the service made the American forces in the world war the cleanest army the world has ever known, said the speaker.

Dr. Hall's special plea was to the fathers, who were urged to make comrades of their sons and to counsel.

(Continued on Page 3)

ATTRACTED HERE

TWO SALES MADE RECENTLY
BY HART REALTY COMPANY
TO NEWCOMERS HERE

Glendale has not lost its power of attracting newcomers as evidenced by reports from various real estate dealers and others. Among some of the most recent to come to this city are Mr. and Mrs. Ralph B. Landis of Uplands, who have purchased property at 541 West California street from Mr. Lucius.

A Mr. Garlinghouse of San Jose has been attracted by the climate and has purchased two acres of the original McElroy place on Lomita avenue at Adams street. He intends building a home there in the near future. Both sales were made by the Hart Realty company.

H. O. Ellis of 601 West Vine street has become affiliated with the Hart Realty company.

Glendale Stands High In Phone Connections By Cities Last Year

Figures compiled at the main offices by the Pacific Telephone & Telegraph company show that the city of Glendale, as evidenced by its telephone connections, is one of the fastest-growing "telephone" cities on the coast.

The United States census shows Glendale is the fastest-growing city in the country. The city directory, just issued, provides additional evidence. The figures gathered by the telephone company clinch the case. Glendale is increasing in population faster than any other city.

The Pacific Telephone & Telegraph company, in its monthly magazine published at San Francisco for the benefit of the employees on the entire system, prints in the January issue a full page statement of development to December 1, 1920, since January 1, 1920. The statement shows the increase and per cent of increase in owned stations in exchanges of 300 or more connections.

The cities of Los Angeles, Oakland, Portland, San Francisco, Seattle and Spokane are in group No. 1, as having 20,000 connections and over. In this group Spokane has highest honors by showing a per cent gain for the year of 10.36. Portland is next with 8.82, then comes Oakland with 8.45, then Seattle with 6.14 and Los Angeles with 5.65.

Glendale's Showing Is Big

Groups Nos. 2 and 3 are made up of cities like Berkeley, Fresno, Sacramento and Stockton in size, and then comes group No. 4 in which appears the city of Glendale. The statement shows this city's per cent gain for last year is 27.13.

There are seven groups in all in the statement and the average per cent gain is 8.10. Therefore, it is plain to be seen that Glendale's showing is a remarkable one. In fact, there are but two or three cities given in the statement exceeding Glendale's percentage—and they pass it because of local conditions that have nothing to do with increase in population.

As the telephone company's magazine is circulated over the Pacific coast system and is read by a large number of officials, the fact that Glendale makes such a fine showing in the percentage of gain column should be a cause for general satisfaction here, say those who learned today of the city's high position in the telephone company's statement of development.

Incidentally, the same magazine contains a story regarding the public inspection given the telephone company's building in Glendale. So this city is given an unusual amount of favorable publicity in the January issue of the magazine.

COUSINS MEET

STORY IN THE EVENING NEWS
LEADS TO MEETING AFTER
FIFTEEN YEARS APART

Frank Hall of 1201 Viola avenue last night discovered in Dr. Winfield Scott Hall, the lecturer, a cousin he had not seen for fifteen years.

When he read, in The Evening News, that Dr. Hall was to lecture in the Methodist Episcopal church, he resolved to attend and greet the cousin he had not seen for so many years. The two men recognized each other instantly and had a very pleasant time exchanging reminiscences.

Dr. Hall said he had discovered another cousin in Alhambra, and that one he had not met before in thirty years.

Former Resident of Illinois

Frank Hall formerly lived in Elgin, Ill. In 1887 he came out to Camulos, Ventura county, with David C. Cook, the millionaire publisher of Sunday school literature, when the latter bought a large ranch there. Mr. Hall was a builder and he was employed by Mr. Cook to supervise the erection of his ranch buildings. The latter soon tired of country life and returned to Elgin, but Mr. Hall remained in the west. He came to Glendale last August with his wife and little daughter Elizabeth, and all are very glad to be identified with the "city of homes."

TEARS IN EYES OF C. M. SCHWAB

NEW YORK, Jan. 26.—Charles M. Schwab, on the witness stand yesterday before the Washington Congressional committee probing the affairs of the shipping board, with tears in his eyes denied that \$100,000 was charged to his account. Representative Foster lauded Schwab during the inquiry.

BRING FAR EAST IN SONG, MUSIC

ORIENTAL PROGRAM GIVEN BY
TUESDAY AFTERNOON CLUB
AT MASONIC TEMPLE

SETTING IS UNIQUE

CHANTS OF EGYPTIANS, SONGS
OF PERSIA AND THEN OF
INDIA PRESENTED

Incense burning, Oriental rugs and draperies, shaded lights and drawn curtains—in this setting, which carried one's imagination to the far east, a most satisfying program was presented at the Tuesday Afternoon club yesterday afternoon in Masonic Temple.

Neil Lockwood, contralto; Homer Grunn, pianist, and Helen Lotspeich Gale, accompanist—these were the artists presenting the unique program.

The sacred songs and chants of the Egyptians made up the opening portion of the program, then came the songs of Persia, closing with the songs of India.

The chairman of the County Council of Community Service was present and gave an interesting talk on the work being done by them. A plea was made in behalf of the Monte Vista lodge in La Crescenta, La Canada valley, which has been purchased by that organization.

Mrs. E. W. W. Hayward presented a plan for raising money in the Chamber of Commerce membership campaign.

Much of the success of the meeting was due to the efforts of the program committee, with Mrs. W. E. Evans as chairman, and to the decoration committee, of which Mrs. Walter W. Jones is chairman.

The setting for the afternoon was perfectly arranged. The incense, the rugs and the shaded lights added to the effectiveness of the artists' work and the result was most satisfying.

So persistent were the echoes at the close of his program that Mr. Grunn responded with "On the Mesa," an original composition written by him while in Arizona a number of years ago. This was one of his first compositions.

The charming personality of Nell Lockwood, combined with her wonderful artistic ability, at once found popular favor. At the end of her

(Continued on Page Six)

SOLD AT AUCTION

MRS. ELLA RICHARDSON HOME
AT 525 CENTRAL AVENUE
BOUGHT FOR \$15,000

The attractive home of Mrs. Ella W. Richardson, 525 South Central avenue, was sold at auction today, the auction being conducted under the auspices of the firm of C. H. O'Connor & Son of Los Angeles.

The purchasers were Charles Marshall and his wife, Florence, who recently came to Glendale from Nebraska City, Nebraska. The price paid was \$15,000, all cash. Possession is to be given in one month, it is stated.

The Richardson family plans to move into their property at 317 North Brand, which is now vacant. The bidding started at about \$8,000 and was gradually raised. The bidding was lively as the sale figure was reached, there being several persons anxious to secure the valuable property.

Fine View of Mountains

The home has a fine view of the mountains. The grounds are very attractive, being surrounded by a fence—concrete base with brick pillars—covered with rose vines. There is a large concrete tennis court and beautiful shade trees, shrubbery, flowers, and even a fish pond. There are two-car garage, chauffeurs' quarters.

All the material in the home is of the best. There is a large concrete porch across front of house with sun parlor at one end. The living rooms are unusually attractive, the reception hall, den and drawing room finished in Oregon pine. Beamed ceilings and a good old-fashioned brick fireplace give a homey atmosphere. The spacious dining room is finished in golden oak, wonderfully light and airy, has handsome buffet and china cabinet combined, also a cheerful fireplace.

DENIES FORD IS SEEKING LOAN

DETROIT, Jan. 26.—Denial was published today that the Ford Motor company is seeking a loan of about \$50,000,000, as recently reported in New York banking circles.

MUCH ACTIVITY BY INDUSTRIES

WEST AND NORTHWEST PARTS
OF CITY KEEPING PACE
WITH OTHER SECTIONS

PLANTS UNDER WAY

GRAND VIEW DISTRICT HAS
THRIVING LOOK; 16-INCH
WATER MAIN LAID

San Fernando Road, north of Colorado, is keeping step with the march of improvement. First, there is the Kent Lumber & Construction company yards, just above Colorado, with a large, galvanized warehouse and residence for the caretaker.

Then, in the 300 block north, the Edwards, Willey & Dixon company is establishing a lumber yard of about three acres, all of which is now enclosed with a high board fence.

A good-sized office building and a closed shed for storing cement, roofing and such material, have been built. There is only one workman employed now and he and his wife are living in a tent in the yard. He says other sheds and lumber racks will be built later and the yard put in commission.

Still further north, in the 500 block, work has begun on W. W. Sawyer's feed and fuel warehouse.

Traveling on northwesterly along the San Fernando Road, near Sonora avenue, a new residence is rising, and when one gets to Vine avenue, 150 feet from the northwest line of the city, there is the Meneley Window Shade factory, almost completed, with warehouse and three 3-room residences for workmen and their families.

In Grand View District

The Grand View district, annexed two years ago, presents a thriving appearance. New houses to the number of a score or more, can be seen, most of them small, it is true, but all are occupied.

Sixth street, the main east and west artery of travel, has recently been graded, oiled and gravelled and is now a fine, smooth thoroughfare.

(Continued on Page Six)

STUNT PARTY

MRS. F. A. DAVIS IS HOSTESS
AT AMUSING EVENING AT
HOME, 118 W. COLORADO

Mrs. F. A. Davis of 118 West Colorado street entertained last night at a very amusing stunt party. The guests had been requested to appear in costume. Some of the make-ups were very clever, as well as funny. One young miss when questioned as to the secret of her beautiful red cheeks replied that her father was a painter. Stunts were requested from those present, which, together with games and music, furnished entertainment for the evening. Light refreshment was served by the hostess.

The guests were Mrs. W. A. Mulligan, Miss Genevieve Mulligan, Mrs. Groce, Mrs. J. F. Tatlow, Miss Grace Tatlow, Miss Fannie Tatlow, Mrs. L. A. Talliaferro and daughter Genevieve, Mrs. Guy Pixley, Miss Rosetta Tomlin, Miss Alta Gervais, Miss Irene Gervais, Miss Helen Gould and Miss Ruth Spafford.

ARRIVE SAFELY

CHARLES H. BURNHAM, WIFE
AND LITTLE SON VISIT
NEW YORK RELATIVES

Charles H. Burnham, wife and little son, who started two weeks ago to Norfolk, Va., going by way of New Orleans, where they took a steamship for New York City, arrived safely at the latter place, according to a letter just received by Mrs. Catherine Burnham, 205 West Maple.

After visiting relatives in New York they will go on to Norfolk, where Mr. Burnham is to install automatic machinery for the making of berry baskets in a large factory. This will take several months.

The Burnhams sold their home at 908 South Central avenue, but expect to return to Glendale after a year or two.

GAS SHORTAGE IN SCHOOLS

LOS ANGELES, Jan. 26.—Insufficient gas pressure in Los Angeles is said to be affecting the heating plants of the city schools, according to W. E. Record, business manager of the board of education.

MEMENTOS OF DENTON SHOWN IN COURT

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 26.—Treasured mementos of Jacob C. Denton's dead wife and baby were exhibited in Judge Willis' court today in an attempt to show that Mrs. L. Louise Peete, on trial for her life for Denton's murder, killed the wealthy broker with robbery as her motive.

Pledges of secrecy exacted by Mrs. Peete to her alleged disposition of Denton's jewelry and keepsakes were based on the witness stand by Mrs. Mamie Tilton, former friend of the defendant.

Mrs. Tilton said that Mrs. Peete gave her and others "these intimate keepsakes, which were prized tenderly by Denton." While the mementos were being displayed, Mrs. Peete looked on listlessly, showing no emotion.

DISCUSS PLANS FOR GRAND VIEW

EXTENSION OF WATER SYSTEM
IS REPORTED UPON BY
MANAGER WATSON

CHANGES OUTLINED

BEAUTIFICATION PROJECT IS
TALKED OVER; COMMITTEES
TO MAKE INQUIRY

Pursuant to authorization of the Board of Trustees a meeting was held last night at the home of L. H. Applegate, in the Grand View district, for the purpose of considering city service for that district, especially the extension of the water distributing system thereto.

About twenty residents and property owners were present, also City Manager T. W. Watson, City Forester Frank Marek and Richardson D. White.

The questions discussed were the extension of the water system by forming a municipal water district, the beautifying of parkways by the planting of trees and the consolidating of the school district and post-office district with Glendale proper. A thorough understanding on these matters was reached and the Grand View Improvement association was formed, with J. H. Randall as chairman. Committees were appointed to look after the various projects as follows:

Improvement—E. C. Ayers, H. Loudermilk, E. A. Bosford, J. H. Edwards, Mrs. G. A. Lucas; Parking and Tree Planting—George Rumwell, James Conner, James Edwards; Schools—E. H. Learned, Mrs. M. B. Buckman, Mr. Davis; Postoffice—G. A. Lucas, L. H. Applegate, F. Pomeroy.

Urges Immediate Action

Richardson D. White urged that any action contemplated for consolidating with the Glendale schools be taken at once, so the necessary building could be provided from the next bond issue that may be voted on for school purposes.

There was a desire expressed that the district be served in every way as a part of the city of Glendale and that city utilities be extended thereto and that they obtain Glendale postoffice service and the district be included in the Glendale school district.

The discussion was all informal except that a statement in writing was filed with the association by City Manager Watson outlining a plan upon which water distributing system might be extended to the district.

The meeting adjourned until February 8.

DISCUSS ROAD

IMPROVEMENT OF SYCAMORE
BOULEVARD IS TAKEN UP
BY ASSOCIATION

The Glendale Welfare association, formerly known as the East Broadway Improvement association, met Monday night in the Broadway school building.

Sycamore Canyon boulevard improvement was the main topic of discussion. None of those present opposed the improvement, says J. C. Sherer, who was present, but all favor a less expensive way of carrying it out.

It is to devise a plan for such improvement that the meetings are being held.

Maurice Healy was chairman Monday night. It was decided to hold regular meetings hereafter, on the last Monday night of each month.

OFFICERS CHOSEN

THOMAS D. WATSON, NORMAN C. HAYHURST AND CHARLES W. LETTS HEAD GUARDSMEN

Governor W. D. Stephens has commissioned officers of the Glendale company of the California National Guard, as follows:

Thomas D. Watson, captain.
Norman C. Hayhurst, first lieutenant.
Charles W. Letts, second lieutenant.

The commissions were received from the governor last night.

The Glendale company was recruited in record time under the direction of Captain Watson. Arrangements are now being made to secure quarters for the company.

REDUCTION IN WAGES BEING CONSIDERED

(Special Service to Glendale Evening News)

CHICAGO, Ill., Jan. 26.—Slashes in wages of railway employees were being considered today by the United States railway labor board.

A petition was presented to the board by President B. L. Bugg of the Atlanta, Burlingame & Atlantic railroad asking that wages be reduced "to a level to keep the roads from the hands of the receivers."

Chairman Barton of the board agreed that the case is pressing and promised an early decision. Other roads were expected to file similar petitions.

FEARS FELT FOR AMERICANS IN MEXICO

(Special Service to Glendale Evening News)

MEXICO CITY, Jan. 26.—Fear was felt here today for a large number of Americans in a mining camp at Tepihuane, state of Durango, which is reported to have been attacked by a strong force of bandits, lead by the Arieta brothers.

The Arieta brothers—ten in number—revolted several days ago and went on the warpath in Durango with a big following.

The government has ordered General Martinez, who brought about the surrender of Francisco Villa, to start on the trail of the Arieta brothers. He will get under way with a strong force of federal troops.

BADLY WOUNDED AT LODGE CELEBRATION

(Special Service to Glendale Evening News)

HANFORD, Cal., Jan. 26.—Donald Mitchell, 22, is in a precarious condition here today, suffering from bullet wounds in his abdomen, inflicted last night during a "49ers camp" at Stratford, nineteen miles southwest of Hanford.

The celebration was held under the auspices of Stratford camp, Woodmen of the World.

The hall was crowded with merrymakers and, to lend color to the illusion of pioneer days, nine or ten men were firing blank cartridges. It is believed one of the revolvers contained a real cartridge.

HARDING STARTS WORK ON INAUGURAL

(Special Service to Glendale Evening News)

FORT PIERCE, Fla., Jan. 26.—Preliminary work on President-elect Harding's inaugural message has been started aboard the houseboat "Victoria," it was learned here today.

Senators Cummins of Iowa and Fall of New Mexico are understood to be preparing memoranda to be used by Harding when he starts to write his address. Cummins is working on data dealing with the transportation problems, and Fall on the foreign relations with Mexico.

MAN ON HUNGER STRIKE ADMITS APPETITE

(Special Service to Glendale Evening News)

LOS ANGELES, Jan. 26.—"I am terribly hungry; so hungry that I feel as though I could eat the iron bunk-brackets in my cell," Health Engmark, fasting chiropractor, declared today as he entered on the third day of his hunger strike in the city jail. He is serving a sentence of ninety days for violating the state medical law. He says he will not touch food until he is liberated.

PRESIDENT OF MEXICO SLIGHTLY BURNED

(Special Service to Glendale Evening News)

MEXICO CITY, Jan. 26.—President Obregon of Mexico was slightly burned yesterday in saving a small child from burning to death, it was learned today. Obregon, who has only one arm, rolled the child in the grass and tore the blazing garments from it. His hand was scorched.

BANDIT, FATALLY WOUNDED, HIDES NAME

(Special Service to Glendale Evening News)

SEATTLE, Wash., Jan. 26.—Although perhaps fatally wounded, a bandit who was shot while attempting to hold up the "Motor Inn," near Auburn, at 4 a. m. today, refuses to give his name to deputy sheriffs and police in the city hospital.

PERSONALS

Mr. and Mrs. Willard Lewis of Valley View Road and Mr. and Mrs. T. S. Nash of 1233 Dorothy Drive were the week-end guests of Mr. and Mrs. Colin Campbell of Hollywood.

Mr. and Mrs. W. D. Nickum of 343 West Lomita avenue had as their guests for the week-end H. L. Emerson and sister and Miss Kate Purcell, all of San Francisco.

Mr. and Mrs. T. S. Nash of 1233 Dorothy Drive entertained at dinner Monday evening W. A. Clark and Rev. Joseph Tonello of Los Angeles and Mr. and Mrs. Willard Lewis of Glendale.

Mrs. L. C. Johnston of Benson, Minn., who has been visiting relatives at Fresno for the last three months, was the guest of Mrs. H. Kressman of 950 North Louise street for the past week.

Mrs. L. W. Sinclair of 1226 East Lexington Drive visited her daughter, Mrs. Douglas Balthis, at Fullerton last week. Mrs. Sinclair has as her guest for the winter Mrs. D. Duthie of Adair county, Iowa.

Mrs. James W. Horne of 1445 Valley View Road, who underwent a very serious operation at Westlake hospital a week ago, although still very weak is very much improved and is now able to see her friends.

Mr. and Mrs. A. R. McPhail and Mrs. Barber of 318 Ivy street were the dinner guests of Dr. and Mrs. James L. Flint of 619 North Central avenue Saturday evening. Mr. McPhail left Sunday morning on a business trip east.

Mr. and Mrs. E. A. Bruntsch, who were visitors in Glendale last July, have received word that a daughter, named Betty Jane, was born to them on January 23 at San Jose.

Miss Agnes Tupper, Miss Edna Farmer and Miss Mary Rich, all graduates from Glendale high school, began their second semester at the University of California, southern branch, Monday.

Mrs. William Ingram of Oakland, Cal., arrived in Glendale yesterday for a visit at the home of her son, W. S. Ingram, 336 West Broadway. She plans to remain in the south for several weeks.

Mr. and Mrs. W. S. Rattray of 405 West Lexington Drive have leased for one year the C. J. Letts bungalow at 450 West Lexington Drive, which has just been completed, and will move in this week.

Mr. and Mrs. C. J. Letts of 1505 South Brand boulevard leave Thursday for San Francisco. Mr. Letts is going on business. Mrs. Letts will visit friends in and around San Francisco. She will return to Glendale within three weeks.

A. E. Eckleberger, owner of the Basket grocery on East Broadway until he sold out about two years ago, has arrived in Glendale and is located at 107 South Central, having leased his ranch, located north of Glendale. He stated that there was plenty of snow on the ridge, it being sometimes clear to the hubs of the car.

Cyrus Goodyer is adding many improvements to the place he bought of Frank Motsch, at 216 East Park avenue. He has built on two rooms and put in a lawn 50x100 feet, in front of the house. He will have a border of rose bushes on either side of the lawn and a variety of fruit trees as well as some chicken pens, in the rear. His lot is 200 feet deep so he has room to work on.

PERSONALS

Mr. and Mrs. Willard Lewis of Valley View Road and Mr. and Mrs. T. S. Nash of 1233 Dorothy Drive were the week-end guests of Mr. and Mrs. Colin Campbell of Hollywood.

Mr. and Mrs. A. R. McPhail and Mrs. Barber of 318 Ivy street were the dinner guests of Dr. and Mrs. James L. Flint of 619 North Central avenue Saturday evening. Mr. McPhail left Sunday morning on a business trip east.

Although East Elk avenue has not been fairly opened through from Everett to Adams, only the boundaries having been marked out, there is already considerable building in the new part. Yesterday a permit for a four-room residence at 1010 was issued to Arthur I. Knox, the price stated being \$1500.

Ray Worthington of 134 South Columbus avenue and a neighbor boy, Osborne Lee, were missing yesterday and it is supposed they have started out to see the country. Mrs. Worthington has asked that police headquarters here notify the police of nearby cities to look out for the boys and detain them if found.

Rev. Clyde Monroe Crist will officiate this afternoon at the funeral of Edward Dickinson of Eagle Rock, found dead in his home Sunday morning. It was Elder Munson of the Seventh-day Adventist church who preached the funeral of Mrs. Kate Goodrich last Saturday instead of Rev. Crist, as stated in yesterday's Evening News.

AUTOISTS INTERESTED IN TALK

With pleasant weather, which is promised for tonight by present indications, an unusually large crowd will greet Alvin E. Sanders when he lectures tonight on motor engines at Tanner & Hall's salesroom on South Brand boulevard. At least 100 people were present last Wednesday night, although the weather conditions were not propitious for such an affair.

NEW BAKERY WILL OPEN HERE

The new Fancy Bakery at 142 North Brand boulevard, on the east side of the street, will open for business Friday morning of this week. The place is being fitted up very attractively by Messrs. Fischer & Cunningham, the owners. Mr. Fischer recently disposed of his interest in the American wholesale bakery at Long Beach, and Mr. Cunningham has been in business in Los Angeles. Formal announcement of the opening is made in The Evening News today.

WOMEN SHOULD INVESTIGATE

Housewives who have experienced difficulty in having their rugs and carpets cleaned to their satisfaction should investigate the new process of the Hamilton-Beach Carpet Washing company, 227 North Howard street. It is claimed for this revolutionary new machine that it thoroughly washes and dries rugs and carpets right on the floor, and gives results which no other process of cleaning can accomplish.

CONSIDER REPARATIONS

PARIS, Jan. 26.—Allied government heads considered German reparations at today's session of the supreme council. The council requested further documents bearing on Germany's ability to pay, and will deliberate over the subject again when the necessary details have been presented.

Bickerings between French and British premiers in the council reached such bitterness that Lloyd George threatened "never to return to Paris," according to L'Ouvre. The newspaper said Lloyd George objected principally to press criticism to his attitude toward German disarmament.

FIRE LOSS TWO MILLIONS

ATHENS, Ga., Jan. 26.—Estimates today place yesterday's fire loss in the retail district at \$2,000,000.

MAKE GEESE WEAR BOOTS

Vilna, in Russia, is probably the only place in the world where geese are shod. The geese are made to walk first through tar and afterward through sand. Each goose is thus provided with a durable pair of boots and is enabled to make the long journey to the goose fair at Warsaw, without getting sore feet or requiring the services of a chiropodist.

Handy Andy Says:

Certainly! we are on very good terms with the housewives of Glendale because our store has been the means of helping a large number of them in making their housework more pleasant—less tiresome—less time taking. Just ask the woman who bought one of our Vacuum Cleaners, or an electric iron or a carpet sweeper—or cooking equipment—or a gas range—and you'll quickly learn why we have so many women friends numbered among our host of pleased customers. Satisfaction is certain when you buy housewares here.

MAKES STATEMENT

A. R. EASTMAN WRITES ABOUT
CAMPAIGN UNDER WAY FOR
CHAMBER OF COMMERCE

Editor The Evening News:—Reorganization of the Glendale Chamber of Commerce is a crying need; one of the most important steps that could be undertaken at this time; I am for it; have been giving a great deal of my time and willing to give the same until after this reorganization has been completed and is put on the map as it should be. I have never lived in a town of this size or larger that has not at all times maintained by the citizens, a good, live, active, working Chamber of Commerce. It is the only way to keep in line and work in conjunction with, all other towns in southern California. We need industrial plants; fine tourist hotel and other such things that go to make a growing town. Everyone in Glendale realizes these facts as true and are strong for this campaign to go over. Let everyone help to make it a success and let the word go out that we can put over anything that we go after. A. R. EASTMAN.

TO MAKE CANADIAN TOUR

"MONTREAL, Quebec—A train of French samples will make a tour of Canada next May, and in conjunction with it moving pictures depicting French scenery, architecture, art and history will be exhibited in 50 Canadian theatres on the tour. After a tour of 8000 miles, the goods will be exhibited for six months in Salle Hautes Etudes, Montreal. Similar facilities will be offered to a Canadian sample train next year. The Petit Palais, Paris, is promised for the Canadian exhibition.

JAPANESE PACT IS CONCLUDED

WASHINGTON, Jan. 26.—It is stated that negotiations between Ambassadors Morris and Shidehara for the settlement of the California questions and the definition of the rights of Japanese in the United States have been successfully concluded. Approval must be given by the two governments.

DR. HALL TALKS

FEDERATION HEARS ADDRESS
LAST NIGHT! RE-ELECTION
ARTHUR G. LINDLEY

(Continued from Page 1)
sel with them lovingly on the dangers that beset them. They should, he said, be instructed by the fathers in sex hygiene and talked to plainly on this subject. He appealed to the fathers to take their boys on hikes and hunts, instruct them in game laws, in the use of firearms and the care of their bodies. He said such companionship would benefit father as well as the sons.

A. G. Lindley Is Re-elected

At the close of the address a report was made by the nominating committee, W. B. Kirk, chairman, recommending the re-election of Arthur G. Lindley as president. On motion, he was elected by acclamation. Mr. Nufrio then gave another selection on the harp and the meeting adjourned.

PLANT RESUMES

MORELAND TRUCK COMPANY IS
NOW OPERATING ON ITS
SCHEDULE FOR 1921

After a partial lull during the annual two weeks' period of inventory, the Moreland Truck company between Glendale and Burbank is now running its plant at the usual speed. The 1921 schedule of production has been outlined and the plant is now ready to follow it.

"Our production and sales for 1920," says General Salesmanager P. H. Mallory, "was a record-breaker in the history of the corporation, which has shown an increase each succeeding year in the ten years of its existence. Not only were all records broken, but they were badly broken. We are looking forward with a great deal of optimism to the business for 1921 and are making all plans on the assumption that this will show an even greater increase than last year did over the years previous.

Sales Are Holding Up

"Reports from all over our territory, both in this country and in the seventeen foreign countries in which we are represented, have shown very little let-up in sales in the past few months. Orders are now coming in very satisfactorily and there are distinct indications of a general upward curve. There is certainly a more general feeling everywhere of business confidence.

"We are backing our belief in our product and in the good business that the year 1921 promises by making every possible effort to be ready to meet it. We have been buying material and are now starting in on our new run on the basis of a schedule of production which will at least double the output of our plant over that of last year."

COST DECREASING

DROP OF 11.4 PER CENT, IS
REPORT SUBMITTED UPON
PRICES OF LIVING

The cost of living decreased 11.4 per cent between July, 1920, when the peak of the rise since 1914 was reached, to January, 1921, according to a statement by the national industrial conference board. The decrease between December, 1920, and January, 1921, was 4.8 per cent. Despite the reduction the average prices on January 1 were still 81.2 per cent above the pre-war level. The decrease in January was brought about largely by the decline in food prices which averaged 8 per cent during the month.

The price of clothing dropped 8.7 per cent within the month. There was no change in the average cost of light or heat or sundries, although changes in individual localities were noted.

Says Food Costs Are Lower

"A notable feature of the decline," the conference board says, "is the large percentage of decrease shown for articles of food. During the month from November 15 to December 15, 1920, the prices of forty-four articles decreased, with the exception of eggs and raisins.

"Strictly fresh eggs increased 7 per cent, storage eggs 5 per cent, and raisins 3-10 of 1 per cent."

KILLS OWL; MUST STAND TRIAL

WILKESBARRE, Pa.—Whether screech owls are to feast on public square squirrels will be determined by Alderman Frank B. Brown when Officer Charles Bart of the local police force appears before him to answer a charge of shooting and killing an owl in a tree in the public square.

The charge is made by Herbert W. Bey, secretary of the Wyoming Audubon society, in behalf of that organization. It is the contention of the police that the bird was a nuisance and was preying upon the squirrels which the city officials are doing all in their power to protect.

As he is authorized to shoot dogs running at large and annoying the squirrels, Officer Bart felt he had the right to shoot the owl.

The society asserts the bird is protected and that the officer violated the law.

Community Mothering

Some of our friends have been kind enough to refer to our modern laundry service as "Community Mothering."

And that is what we are seeking to make it for we have demonstrated to many Glendale women that it is practical for mothers to gain relief from wash-day's trying labors at reasonable cost.

Our experts, with the aid of modern methods, in our big, sunlit laundry, are washing and ironing for many mothers. And they are returning the family bundle complete, ready to use or pack away at a cost that's ever so reasonable.

You'll like the service, too. Why not phone for our driver today?

INDIVIDUAL INCOME TAX RETURNS
NOW BEING MADE BY GOVERNMENT

EXEMPTIONS UNDER CERTAIN CONDITIONS

PAYMENTS IN INSTALLMENTS IS PERMITTED; MUST FILE BY MARCH 15, 1921

What was your income for 1920? An answer to this question is required by the government of every single person, man, woman or child, in the United States whose net income for last year was \$1000 or more, and of every married person whose net income was \$2000 or more. Heavy penalties are provided by the revenue act for those who fail or "willfully refuse" to comply. The period for filing returns for the calendar year 1920 is from January 1 to March 15, 1921. The bureau of internal revenue estimates that within this period there will be filed 4,000,000 individual income tax returns. It is certain a percentage of these returns will be incorrect, not because of dishonest intent on the part of the taxpayer, but because of error in making out the forms.

Cause Numerous Mistakes
Erroneous interpretation of the law and regulations governing the collection of the income tax and carelessness cause numerous mistakes, and these result in the initial assessment and collection of considerably greater or lesser amounts than are actually due. Frequently these mistakes result in overpayment, return of which is made upon a claim for refund.

Where, upon verification and audit, underpayments are shown, taxpayers as a rule are prepared promptly to amend their returns and pay the additional tax due. In either event, there is trouble for both the taxpayer and the government.

May Pay in Installments
The tax, this year as last, may be paid in full at the time of filing the return, or in four equal installments, due on or before March 15, June 15, September 15, and December 15. The first installment must accompany the filing of the return. Forms 1040-A for incomes of \$5000 and less and 1040 for incomes of more than \$5000 have been revised and contain instructions which if read carefully and followed will be of great aid to the taxpayer in the making of his return.

Forms will be sent to persons who last year filed returns of 1919 income. Failure to receive a form, however, does not relieve a person of his obligation to file a return and pay the tax on time. Copies may be obtained from offices of collectors of internal revenue, branch offices, and banks. The return, sworn to before a notary, or other person authorized to administer oaths, must be filed with the collector for the district in which the taxpayer lives or has his principal place of business.

Allowable Exemptions
The following are concrete examples of circumstances which govern the exemptions allowed the head of a family and for dependents: A son who has left home sends his mother more than half the sum required for her support. He is allowed an exemption of \$200, unless the mother is able to support herself, in which case the contribution is regarded as a gift.

A son living at home supports an invalid mother in the same household. He is allowed a deduction of \$2000 as the head of a family, plus an additional \$200 for his dependent, who is physically incapacitated. It should be noted that the \$200 additional exemption for dependents does not apply to husband or wife, even though either one has become a total burden upon the other.

A single man lives with and supports a mother fifty years of age and two sisters nineteen and twenty-one years of age, all in good health. His exemption is \$2000 as the head of family. Since his mother and sis-

Income Tax Facts
Given Very Briefly

WHO—Single persons who had net income of \$1000 or more for the year 1920.

Married couples who had net income of \$2000 or more.

WHEN—March 15, 1921, is final date for filing returns and making first payments.

WHERE—Collector of Internal Revenue for district in which the person resides.

HOW—Full directions on Form 1040-A and Form 1040; also the law and regulations.

WHAT—Four per cent normal tax on taxable income up to \$4000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Surtax, from 1 per cent to 65 per cent on net incomes over \$5000.

ters are neither under eighteen years of age nor mentally or physically incapacitated, he can not claim an additional exemption for dependents.

A widower is the entire support of a child under eighteen years of age, but otherwise neglects it. His exemption is \$1200. He is not the head of a family, and is entitled only to the \$200 for a dependent.

AGAIN ENLARGES

ROY L. KENT COMPANY GETS SERVICES OF A. L. BAIRD FOR REALTY BUREAU

The Roy L. Kent company is again enlarging and increasing the scope of its business by the addition of a department devoted to the handling of real estate investments and the financing and promoting of building enterprises.

This firm is also writing fire, plate glass and automobile insurance. The new department will be in charge of A. L. Baird, a progressive, young business man who, his friends say, has demonstrated his ability a great many times since coming to Glendale about two years ago. Mr. Baird was for some time part owner of the Glendale Pharmacy. He disposed of this business and took up the position as sales promoter for the Glendale Research hospital, and his success here is proven from the fact that he has disposed of the entire issue of stock amounting to \$100,000, and the hospital is well on its way to completion.

Manages Chain of Stores
Before coming to Glendale Mr. Baird was general manager of a chain of thirty-one stores throughout the middle west with Chicago as his headquarters.

Mr. Kent is congratulating himself that he has been able to secure the services of so thorough and capable a business man to manage the affairs of the new department.

SELF-SUSTAINING IN FUEL

The territory of Hawaii will produce enough motor fuel for its own needs within two years. They would also be able to supply the requirements of the army and navy forces there, should their bases of supply be cut off. Commercial manufacture of fuel alcohol from sugar molasses has been made practicable on a large scale on the island of Maui.

VETERAN WINS DEGREE

Daniel R. Edwards, a former member of the Third Machine Gun battalion of the First division, after the loss of an eye, an arm and a leg in action, returned from an army hospital, re-entered Columbia university and won a degree. Edwards' home is in New York City.

EXPERIMENT ON RUBBER PLANT

The wild rubber plant is now the subject of experiments in southern Arizona. It is hoped the ultimate result will have a decided effect in reducing the market price of rubber.

FUTURE OF PARTY

WOMEN'S ORGANIZATION WILL HOLD SESSION AND DECIDE UPON ITS COURSE

WASHINGTON—Whether the National Woman's Party continues as a separate political group will be decided by 1,000 delegates representing every state in the nation when they meet here February 15.

Prime consideration in the decision, officials said in commenting on the convention's program, is whether the existing parties have made sufficient bid for support from women voters. The third day's sessions will be given over to reports of spokesmen from the Republican, Democratic, Socialist and Farmer-Labor groups.

The meeting will be the first national gathering of women voters since the ratification of the nineteenth constitutional amendment.

Important places on the program have been given to representatives of women's organizations to report on progress in organizing women in America and abroad. Among bodies to report are the W. C. T. U., National Consumers' league, Business and Professional Woman's league, Children's Bureau and the Woman's Bureau of the department of labor.

Miss Sue White, national research chairman for the party, also will report findings in her nation-wide survey that inquired into alleged injustices and discrimination against women found in various state laws. The report is being compiled through assistance of women lawyers and after exhaustive study of state and federal laws.

Picturesque ceremonies have been planned, including presentation exercises for the monument to the pioneer suffragists, Susan B. Anthony, Elizabeth Cady Stanton and Lucretia Mott, which will be given in the capitol rotunda. Another will be the pageant of women of all nations and still another award of "distinguished service medals" to former pickets.

FREAK ACCIDENT IN WISCONSIN

In Madison, Wis., a motor truck delivering 500 gallons of gasoline crashed into the curb and burst the tank. The gasoline flowed down the street and into the basement of a house where the flames from the furnace ignited the stream and following it back to the street destroyed a motor car parked nearby.

NEW TAX PLAN

CONGRESS WILL BE ASKED TO PASS DIRECT SALES TAX

BY JOHN I. NOLAN

Congressman John I. Nolan will seek to have the new congress at its special session pass a direct sales tax that can't be pyramided. He would make the tax high enough to produce the bulk of the needed revenue.

Nolan has given up hope of the passage of his bill providing for a direct tax on land values and natural resources. This is a step in the direction of single tax.

The bill proposes to raise 25 per cent of the national taxes by levying a 1 per cent tax on land and natural resources above \$10,000, exclusive of improvements. On the bare land value above \$10,000 the farmer would pay \$10 on \$11,000 worth of land, \$20 on \$12,000 worth, and so on.

Where to Get It

Most of the revenue would be secured through the tax on waterpower sites, oil lands, mines, vacant city lots, and similar property which now escapes taxation to a considerable degree. Nolan's idea is that 90 per cent of the farmers would be exempt from the bill's provisions.

He thinks the tax on idle lots and mines, timber lands, etc., would speed up industry.

Opponents of the bill say it would increase rents and burden industry generally.

TO DISCUSS USE OF BALLOT

ATLANTA, Ga.—The new woman citizens of the south, led by Mrs. Julian B. Salley, director of the third region of the National League of Women Voters, will meet here February 8 for a get-together meeting.

Special emphasis on the education and training of the new voters in the intelligent and conscientious use of the ballot will be made by speakers. Mrs. George Gellhorn, St. Louis, vice-chairman of the national league, will deal particularly with this subject. She has had charge of the citizenship work throughout the country during the past year.

The National Board of Directors of the league are expected to attend the meetings, which will last two days, in a body.

The conference is the last regional it is expected to be contained in the report of Mrs. Maud Wood Park, chairman of the National league, on the legislative work done by the league.

The conference is the last regional meeting to be held before the national convention in Cleveland, O., April 11-16.

SMELL WARNS OF PANGER

To warn miners of impending danger a strong-smelling liquid is injected into the main compressed air line at the surface. This liquid is quickly vaporized and carried to all parts of the mine where compressed air is used. Tests prove that an entire mine can be saturated in about eight minutes.

INVESTMENT

An opportunity to invest \$1000 in oil wells located in Kern County, California, and own outright 1-50 of production with returns monthly.

This is one real chance to get in on the ground floor, where a large income is possible for many years.

This is no stock proposition, no officers' salaries to pay, and the veteran oil men who are directing its activities are trustees only, and share alike with other members of the unit.

RICH MEN AS DEPUTY SHERIFFS

NEW YORK—A right nifty set of deputy sheriffs has taken office in Rye, just up the sound. They include Oliver Harriman, Ogden Reid, Rupert Hughes, Mayhew Bronson and a few other bankers, playwrights and corporation heads. "The gold badge force" they are being called, but they declare that singly or en masse they can swing as mean a gun as anybody who ever grew up in the sheriff business. Westchester county got tired of having so many gunmen take a little run out into the suburbs for an evening when Broadway grew monotonous, and is preparing itself accordingly.

TRACE OF FAMED HUNTER

The name of "D. Boone" was discovered chisled in a rock at the mouth of a cave in Lincoln county, West Virginia. As the forms of the letters correspond with those found in the rocks of Kentucky it is thought that the famed hunter at one time made an expedition into that section of the country.

Hamilton Beach Carpet Washer

This astounding new invention washes and dries carpets right on the floor, with an action just like the human hand. Two sponge-rubber brushes rotated electrically, 500 times a minute, scrub the Hamilton-Beach compound into the fibers of the rug and instantly dissolves dirt and grime which are suctioned back into receiving pan. Above is a picture of a rug being WASHED, not merely surface cleaned, but actually and thoroughly WASHED; the transformation thus made is startling and highly convincing as the original colors show up like new. No present carpet cleaning establishment can clean your rugs like this. Many of the leading hotels and large institutions of the country are now using this machine and we have installed one in our plant here in Glendale and shall be pleased to call and give you estimates on your rug cleaning.

UNDER BIG STRAIN

VIVID PICTURE IS PRESENTED
OF STREET SCENES IN
IRELAND'S CAPITAL

BY CHARLES M. MCANN

United Press Staff Correspondent

DUBLIN — Dublinites were "pumpy" today. After long months of tension their nerves reacted strangely to sudden sound or unusual sight. It was not fear that controlled them, but something like the nervousness that might attack a soldier long under fire, with allowances, of course, for the superior schooling and discipline of the soldier.

The soldier, however, is playing a part in the game. He fights back. Here in Dublin, the trace of fear that may be found in some citizens is the danger, real or fancied, that they are menaced as the quarry in the grim game of hare and hounds government forces are playing with the republicans.

After months of comparative freedom from violence, Dublin again has been a center for Sinn Fein and government activity and the result of the campaign is plain to be seen in the lives of the residents. Although the upper current of life flows almost as smoothly as in the old days, there is an undercurrent, strong and deadly.

Number of Raids Increasing

There are daily shootings. Daily the number of raids are increased. Citizens are stopped on the streets and searched for arms.

Daily the violence and death are forgotten—apparently. Actually they are always before the public.

The American can visualize Dublin with its busy waterfront, its brick and cobbled pavements, its two and three-story business houses rising from narrow walks and the private homes spreading away from the business center. It is a city of homes with its streets filled with strolling soldiers in British uniforms. Or the soldiers may be riding wildly through the streets in their lorries, tin hats slanted over their eyes, rifles pointed toward the sidewalks.

The newspapers, instead of spreading the news of the world before their readers, devote entire pages to proclamations, declarations of martial law, reports of ambushes, attacks, unexplained shootings and raids. General news is dispensed with except for two or three short articles chronicling outstanding events. The remaining space is filled with apparently endless lists of killed and wounded citizens, police and soldiers.

A common sight in Dublin is a lorry load of auxiliaries, green uniformed and tam o'shanter, racing down a street. Suddenly the emergency brake is jammed on. The lorry swerves and shoots at a right angle to the curb. The auxiliaries leap over the sides before the machine has stopped.

Flee at Sight of Raiders

Some instantly take positions as sentries. Others fall to searching passersby for weapons. Or they enter a business house or residence in a raid. Five or ten minutes later the raiders emerge, sometimes with piles of papers, at other times they have a prisoner or two.

Some Dublinites flee at the sight of a raiding party. Others follow at safe distances and look on cautiously while the soldiers search a group of pedestrians or raid a home. Generally the nervousness inspired by the sight of the soldiers, their blunt Enfields leveled over the motor's sides, is leavened by curiosity. Occasionally braver spirits walk past at a normal gait or pause nearby for a good view of the proceedings.

But at the sound of a shot there is a general melting away of the crowd. Dublin doesn't fear these things; the city is merely "jumpy."

FEAR LOSS PERSONAL RIGHTS

NEW YORK—That Japan is not objecting to restrictions of this country against admitting Nipponese to citizenship, or even to deprivation of property rights, but fears that alien Asiatics may be bereft of personal rights, was declared by United States Ambassador to Japan Roland S. Morris in an address before the University club here today.

Japan does contend, however, he said, that it is unfair to pick out one class of aliens for adverse legislation. It is on this basis that the California anti-alien land law and other legislation is opposed, Ambassador Morris contended. He declared that the American people must determine how aliens are to be treated and urged moderation in view of "the larger views of America's relations with the Orient."

SUICIDES IN HUNGARY

BUDAPEST—Thirty-two hundred women and 1200 men committed suicide in Hungary during 1920, police reports for the year show. In addition there were more than 10,000 unsuccessful attempts at suicide. The situation is attributed to deterioration of living conditions.

Government, society and church circles have begun a campaign against self-destruction. Sermons on the subject are being preached in all churches. A special police force has been ordered to keep strict watch and prevent suicides. In some cases where the police intervened the persons attempting suicide protested against what they termed the tyrannous oppression of the authorities.

A Nevada man while excavating for a large gasoline tank in his garage uncovered a ledge of gold quartz at a depth of six feet running \$137.50 a ton.

EDITORIAL COMMENT

JUSTICE AND COURTS

It must be plain to every student of legal procedure that the operations of the law in similar crimes in different courts of the United States are too uncertain and varied to secure the chief purpose of law-enforcement—the reduction, if not elimination, of crime.

When a man was caught in Buffalo on Thanksgiving day almost in the act of committing murder, he was promptly indicted and placed on trial. He was convicted a few days ago of first degree murder and is awaiting the electric chair—all within a few weeks of the date of his crime. It cannot be claimed that the man has been railroaded to his death, for he has been given all the time necessary to make his defense before the law; but there have been none of the long delays which are so common in the courts, caused by technical objections to the functioning of the law.

Many criminals declare in a boastful manner that the probabilities of escaping the punishment provided by the law for their acts against society are good, and they profess the willingness to take a chance with the delays which may be obtained in the courts and the prospects of obtaining an early release even if convicted and sent to prison. The promptness with which the New York murderer was convicted of his crime and the reasonable certainty that he will receive the legal penalty therefor should have a good effect in restraining many others from the commission of like crimes. The electric chair is not an inviting prospect for even the most desperate criminal.

Just how much of the responsibility for the widespread crime wave rests upon the dilatory practices in the courts may never be known, but it seems plain that delays in the operations of the law have had the effect of encouraging the criminal elements to take chances on escaping the penalties of the law.

BARRING PRODIGIES

Wellesley college serves notice that its academic benefits are not for the female infant phenomenon, in an announcement that the minimum age for admission hereafter will be 16. "The 16-year limit is a matter of common sense," says the statement. "There are occasional exceptions where a girl has had strong preparation and a good health record, but as a general thing the tendency is toward a rising rather than a falling age for admission."

Just now the boy scholars seem to be in the ascendant. The 13 and 14-year-old freshmen at Harvard, Columbia and other institutions have been monopolizing the center of the stage. We have not heard so much of any girl wonders, notwithstanding the recent "emancipation" of women. And yet as a rule girls mature earlier than boys and their average of scholarship in the elementary and high schools is said to be superior.

It is common to hear of parents giving thanks that their progeny are not prodigies, although just why one should not wish to see son or daughter exhibit remarkable intellectual qualities is scarcely apparent. These extremely youthful freshmen are not freaks in any sense of the word. Evidently they are genuine youngsters, fonder of play than of work, but they have had the good fortune to come under the right sort of discipline at an early age and to be pushed along without the excessive waste of time that characterizes the ordinary routine education of our children.

The boy who, through utilization of time usually wasted by others, manages to prepare for college a couple of years ahead of his companions merely shows what could be accomplished by many other boys if the right conditions were provided.

LICKING THE CAPTAIN

While the sober judge in Norfolk, Va., who gave a war veteran a \$10 fine for thrashing his former army captain is certainly to be commended for upholding the peace in that just manner, most people probably will hope that his honor did it with a smile.

For there were thousands of young men, not ruffians, either, who entertained just such belligerent intentions toward their superior officers many a time and oft in the camps of this country and in the trenches of France. An arbitrary authority is not a thing that sits well with Americans, and it is little wonder that resentment was frequently felt. It is to the credit of our soldiers that as a rule they did just what Private Berman did, put off licking the captain until the war was over.

At some time or other most boys swear that when they grow up they will give the teacher or the principal a beating. Few of them ever remember the vow. Private Berman, in another sphere, actually trained for two years so that he would be in condition to wallop Captain Fink for a cuckoo. And he did. Though the former captain is over six feet tall, and weighs 210 pounds, he ran from the onslaught of his former doughboy.

Most of the men who were disgruntled off and on at one shave-tail, top-kick, old man or another at some time in their army career will now be far from thinking as Private Berman has thought. They realize that it wasn't always the fault of the officer or the non-com that he seemed over-bearing. One captain has got what was coming to him, by popular voice. Let his thrashing do for the others, too.

THAT DISAPPEARING-CENT

Is your family one of those in which, after the first baby came, every stray penny was to go into the baby's bank? If so, you will agree with the treasury department in wondering what becomes of all the pennies. Every year some 80,000,000 of them are coined, and while a certain number keep in circulation and others return to the treasury in one form or another, most of them disappear.

It is wrong to speak of pennies in this country's coinage, treasury officials have always insisted, as the penny is a British coin, normally of twice the value of one of our cents. But the cent has ever been a penny to most people, and it is hard to educate them to say cent.

The cent is the barometer of business. It is interesting to note that during financial depression a large number accumulates in the treasury. Even a big storm or a strike will cut down the number of cents in circulation, for a penny-spending public is indoors, or else forced to save for a "rainy day." Bankers say it is a sign of prosperity when there are plenty of cents in circulation.

Somebody is always taking the joy out of life—every few months the end of the world is predicted.

About the best that a lot of men may hope to attain is to be mentioned as "one of our best citizens."

BABIES' BASKET KEPT FILLED
DALLAS, Tex.—A week ago Mrs. M. L. Leonard placed a small basket lined with downy blankets on her door step and announced through local newspapers that the basket would be kept there to receive homeless and unwanted babies. This morning she took from the basket a ten-pound boy, the fourth baby to find a haven there this week.

"I do not know where they come from and I do not want to know," Mrs. Leonard said. "But I do know that from now on they will be well taken care of and that they will go into good homes where they will be appreciated."

Mrs. Leonard said that she intended to continue leaving the basket on the step.

FAIL IN MEDICAL SCHOOLS

LONDON—The first rebuff women have experienced in their struggle for equality with men in the medical schools is causing much consternation in feminine circles.

At a recent meeting of the authorities of the London University college, it was decided to limit the number of women admitted to the medical school. It was said that women doctors have proved a failure.

THOUSANDS OF CAR LICENSES ARE BEING GIVEN OUT DAILY IN SOUTH

CERTIFICATE NEEDS DOUBLE SIGNATURE

OVER 100 GIRLS HANDLING APPLICATIONS AT BRANCH IN LOS ANGELES

There are about 135,000 licensed automobiles in Los Angeles county, which is more than there are in any other three counties in the state. In Los Angeles city alone there are 95,000 cars.

All of which explains why there is daily a long line of people in front of the Motor Vehicle Department building at Seventeenth and Flower streets, Los Angeles, waiting for automobile licenses which are now being issued.

The issuance of 1921 certificates of registration and plates by the Motor Vehicle Department began January 15. There is no change from last year's system of registration. Motorists will send their certificates properly signed to the Motor Vehicle Department in Sacramento or present them to the branch offices of the department in San Francisco, Fresno, San Diego, and Los Angeles.

Two Signatures Required

Two signatures are required on the certificate. The first line is for the signature of the registered owner of the vehicle, and the second for the name of the legal owner, and the third for the address.

If certificates are mailed to Sacramento they should be accompanied by a certified check or money order for the amount of the registration fee, which is 40 cents per horsepower. Where the renewal is made at the branch office of the department the exact fee should be handed in with the certificate.

In cases where motorists have purchased cars from individuals and neglected to send the old certificate of registration to Sacramento with \$1 for a new certificate bearing their name, it is advised that they do so immediately, as 1921 licenses or plates can not be obtained unless this certificate of registration is properly signed and in the name of the present owner.

March 1 Is Final Day

All applications must be in the office of the State Motor Vehicle Department before midnight of March 1, a 25 per cent penalty being added thereafter.

It is stated that each of the 105 young women employed in the motor department building in Los Angeles averages a certificate every minute and a half.

L. W. Butler, who is manager of the Los Angeles branch of the Motor Vehicle Department, is authority for that statement.

"In the week since the rush began," said Butler, "we have issued more than 35,000 straight automobile licenses, besides licenses for trucks. Our renewal business for seven days amounted to \$269,862.40, the average single transaction being \$8. Each of the 105 certificate writers can write 360 certificates a day."

"Just a suggestion I would like to make to those seeking to renew their licenses," said Butler, "is that they should not all come around the noon hour. If more would come early in the morning or late in the afternoon, there would not be so much waiting and profanity."

It is announced that to accommodate the crowds, the opening hour at the department building has been advanced to 7:30 a. m., the closing hour remaining the same, 5 p. m. The rush for renewals is expected to last another three weeks, it is predicted.

NEW JOURNALISM SCHOOL

CHICAGO—The Joseph Medill School of Journalism will open here February 7, to be maintained in connection with Northwestern university.

Named after the late Joseph Medill, editor of the Chicago Tribune, the institution was founded by the university through the co-operation of the Tribune.

Chicago scribes were offered the part-time, four-year course. It is the intention of heads of the school to arrange hours so that persons on afternoon or morning papers can attend.

Evanston students or beginners in journalism, who have finished two years of liberal arts, will be given the full time course of two years.

There are to be three courses of instruction. They follow:

1. Familiarizing the student with present day social, economic and political problems and the general field of literature.

2. Will develop his power of clear and effective expression.

3. Will provide training in the technique and practice of modern journalism.

PLENTY OF CHINESE TO SLAY

If, in a war, an enemy started killing Chinese soldiers at 1,000,000 men a year, and if China were using 10 per cent of her population in that way, it would take fifty years to destroy her first armies, and in that period two further Chinese forces of 50,000,000 each would grow up to confront their enemy.

Try Evening News want ad.

Rush for Licenses to Last Three Weeks

The 1921 certificates of registration and plates are being issued by the Motor Vehicle Department at the branch at Seventeenth and Flower streets, Los Angeles, there being no change from last year's system.

One hundred and five girls are employed to give out certificates. Two signatures are required on the certificate, the first line for the name of the registered owner, the second for the name of the legal owner. The third line is for the address.

All applications must be in the office of the department by March 1, or a 25 per cent penalty will be added.

To handle the crowd, the department building in Los Angeles is open from 7:30 a. m. to 5 p. m. The rush is expected to last three weeks more.

There are about 135,000 licensed automobiles in Los Angeles county and 95,000 in Los Angeles city.

Early in the morning or late in the afternoon is the best time to apply for a new license plate.

BRING FAR EAST

UNIQUE PROGRAM GIVEN BY TUESDAY AFTERNOON CLUB; SETTING IS ORIENTAL

(Continued from Page 1)
program, she was requested to sing, accompanied by Mr. Grunn at the piano, one of his compositions, "When the Dark Mists Curtain the Doorway."

Here Is Complete Program

The complete program as presented, not including two numbers already mentioned, follows:

Sacred Songs and Chants of the Egyptians.

1. Call to Prayer. (Chant of the Muezzin. "God is great. There is but one God. Mohamet is the Prophet of God. Come to prayer.") Sung in the language of the Egyptian.

2. Invocation to the Sun God Ra. (Thomas.)

3. Invocation to the Nile. (Bantock.)

4. La Ilaha Illalah (There is no Deity but God.)

5. The Unutterable (Bantock.)

"I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage."

—Ex. 20:2. Nell Lockwood.

6. Ballade B Minor. (Liszt.)

(Tone picture of Byron's Prisoner of Chillon.) Homer Grunn.

Songs of Persia.

7. Drinking Song.

8. Deign My Voice to Hear. (A very old Persian melody.)

9. In the Harem. (The rug makers weave into their work spots of red, to represent the beloved blood of Nourmahal.)

10. Persian Love Song. (Bermelster.)

11. The Worldly Hope Men Set Their Hearts Upon. (Lehmann.)

(From the Persian Garden. Words by Omar Khayyam.) Nell Lockwood.

12. The Lark. (Balakirew.)

13. Sunrise. 14. Choya Dance. (Desert Suite.) Homer Grunn.

15. Etude in E Flat Major. (Rubinstein.) Homer Grunn.

Songs of India.

16. Snake Charmer's Song. (Sung in the language of the Hindu.)

(This is sung by the charmer to the trained snakes. The song is intended to hypnotize the snakes and make the charmer immune to all bites of poisonous reptiles.)

17. Indian Love Lyrics. (Pindlen.)

(Story of a slave girl's love.) (a) The Temple Bells. (b) Less than the Dust. (c) Cashmiri Song. (d) Till I Wake. Nell Lockwood.

CONTRIBUTE CORN

CHICAGO—The recent offer of the farmers of the Middle West to contribute surplus corn for the relief of the starving millions of Europe and China has been accepted by the Hoover Relief committee and similar organizations, according to a message from the New York offices of the American Farm Bureau federation, through which the stocks were offered.

The relief committees expressed the belief that funds for transporting the supplies could be raised without difficulty.

"Let us market our surplus in relief, and take our pay in good will," is the slogan adopted by the farm federation in its drive for the holding stocks of farmers.

R. D. Henkle, general secretary of the American committee for the China famine fund, has written President Howard that 6000 tons can be transported from Tacoma in February, and expresses hope that the stocks may be available at that date.

BRIDGE FOR GRAND CANYON

WASHINGTON—As a result of plans worked out by government engineers a 500-foot suspension bridge that can be transported in sections down the narrow trails in the Grand Canyon National park may be flung across the granite gorge in the Grand canyon of Arizona.

The only two countries in which the mile is of equal length are Great Britain and America.

Ford
THE UNIVERSAL CAR

OUR SERVICE DEPARTMENT

Is in charge of two of the best Ford mechanics in Southern California

AL. LAND and RALPH WEBSTER

We have made this change because we want Ford owners to get the best possible Ford service. These men have had years of experience in handling Fords—they are obliging, courteous, cheerful fellows. We are sure you will like them, not only personally, but for the grade of work they turn out. Call and see us. Have your Ford repaired at the logical place, an authorized Ford agency.

MUCH ACTIVITY

WEST AND NORTHWEST PARTS OF GLENDALE PRESENT PROSPEROUS VIEW

(Continued from Page 1)

Tenth street, further north, is macadamized its entire length through the district. Eighth street has not yet been opened through and Fourth street is the one on which the Pacific Electric Burbank line is built.

Of the north and south streets, Grand View avenue is paved with concrete all the way and Vine avenue is oiled and graveled between San Fernando Road and Sixth street, as is also Winchester avenue.

Justin and Ruberta avenues are opened only from San Fernando Road to the Pacific Electric line, but Sonora avenue is now opened up to Sixth street.

Pipe Line Is Placed

The sixteen-inch pipe line from the pumping plant on San Fernando Road to the new reservoir at Tenth and Vine avenue has been laid. The west side of Grand View avenue was followed all the way up and this made it necessary to take out all of the large pepper trees along the east side of Grand View Memorial park. Those along the south side have been taken out also.

In addition to the Meneley factory there are two other large industries. These are the Davis-Glendale company, big steel and glass greenhouse for the raising of cucumbers and Tassano's great, latticed sheds, occupying more than an acre, in which asparagus ferns and other greenery are cultivated on a large scale.

Bright Future Is Assured

This section undoubtedly has a great future before it. The soil is very rich, the location high and slightly, giving a magnificent view of the heart of Glendale, of Griffith park, Burbank and Los Angeles.

There will soon be an abundance of water available for all purposes and Glendale's street lighting system is being extended all over the district.

UNLUCKY FRIDAY?—READ THIS

A lot of people believe that to begin any task on Friday is unlucky, but nevertheless many notable happenings of history occurred on Friday. Here are some of them:

Moscow was burned on Friday. Shakespeare was born on Friday. America was discovered on Friday. The Mayflower was landed on Friday.

Queen Victoria was married on Friday.

Richmond was evacuated on Friday.

Lee surrendered on Friday.

Fort Sumter was bombarded on Friday.

Napoleon Bonaparte was born on Friday.

The Battle of Waterloo was fought on Friday.

The Battle of Bunker Hill was fought on Friday.

The Battle of New Orleans was fought on Friday.

The Declaration of Independence was signed on Friday.

RACK TO GOLD AGAIN

DAWSON CITY, Y. T.—Trappers in this territory have turned their attention to prospecting for gold owing to the recent heavy drop in the price of furs. This will result in diminished catches of furs in Yukon Territory and Alaska.

GRAFT IN JAPAN

MUNICIPAL GOVERNMENT HAS MUCH SWINDLING; NUMBER OF ARRESTS RESULT

TOKYO—The city of Tokyo has been excited by the discovery of widespread graft in the municipal government. Numerous arrests have already been made and the police say that many more will follow. Captain Shiroki, chief of the criminal investigation section of the police, says that he feels certain that there is not a single municipal enterprise in the Japanese capital which will not show irregularities.

The investigation so far has concerned itself mainly with the street improvement and sewer departments of the city government. The persons arrested include a number of officials and contractors. It has been found that exorbitant sums have been paid by certain officials for the gravel which is the principal material used in road and street construction; large bribes having been given freely by groups of contractors.

Even Graft Over Shrine

Graft was shown in the construction of the new great Meiji shrine, opened with great pomp in commemoration of the late emperor. This made a great impression on the people, who feel that at least that enterprise should have been immune.

In Japan, which like most other countries in the Orient is the home of "commissions" and similar gifts and presents which would be termed graft in western countries, official populations of this kind must be extremely vicious before they attract attention. The police say, however, that in this case they intend to investigate to the bottom. In this they are backed up by Count Oki, minister of justice, who says that both Tokyo and Kyoto, the former capital, are rotten with graft.

ASKS \$210,000 ON \$50 LOAN

SYRACUSE, N. Y.—The claim of W. F. Morgan, a machinist of this city, to \$210,000 from the state of New Hampshire, on a \$50 note given his ancestors in 1774 might well be used as an object lesson in compound interest.

One hundred and forty-six years ago New Hampshire was hard pressed for funds to finance the Revolutionary War that loomed upon the horizon. John Winslow, an ancestor of Mr. Morgan, loaned the state \$10. He was given a note bearing compound interest. The slip of paper, yellow with age, bears the signatures of the secretary and treasurer of the state, with the pledge of compound interest, payable annually.

The little \$50 note grew and grew until Mr. Morgan, who secured it from his grandfather, has now begun proceedings to collect a total sum of \$210,000.

FAVOR DENTAL INFIRMARIES

CHICAGO—Plans for the creation of dental infirmaries in all large cities of the country were to be laid here at the annual meeting of the Chicago Dental society. Upwards of one thousand tooth extractors from all parts of the compass were in hand.

A nation-wide movement of mouth hygiene was to be launched looking toward improvement of mouth conditions in children by means of instruction in schools.

Cottonseed was considered useless twenty years ago. Now it is the basis of a trade of three-quarters of a billion dollars.
